## EARL PINE- 617

Earl Pine brings together rich caramel tones and classic woodgrain detail for a warm, inviting look that feels right at home in any setting. Whether you're flipping a house or updating a commercial space, this plank delivers timeless style with contractor-grade strength.

Floor Type	Thickness	Specification
GLUE DOWN	2.0 mm	48" x 7" - 12 MIL wear layer
SPC	5.0 mm	48" x 7" - 12 MIL wear layer
SPC	6.5 mm	48" x 7" - 20 MIL wear layer

## OYSTER SHELL - 618

Oyster Shell blends soft taupe and sandy undertones with natural woodgrain variation, giving it a relaxed, lived-in look that still feels elevated. It's a strong pick for residential spaces, flip projects, or commercial builds that need neutral warmth with long-term durability.

Floor Type	Thickness	Specification
SPC	5.0 mm	48" x 7" - 12 MIL wear layer
SPC	6.5 mm	48" x 7" - 20 MIL wear layer

## NATURE WOOD - 624

Nature Wood brings soft blonde tones and subtle woodgrain for a light, natural look that works with everything. It's a go-to option for open-concept homes, remodels, or commercial projects that need reliable performance and a clean finish.

Floor Type	Thickness	Specification
SPC	6.5 mm	48" x 7" - 20 MIL wear layer
SPC	8.0 mm	60" x 9" - 20 MIL wear layer

Matching Accessories Available

## CARBON - 625

Carbon delivers cool confidence with deep charcoal undertones and dynamic woodgrain texture. It's an eye-catching choice for modern builds, industrial-inspired spaces, or high-traffic areas that need durability without losing design edge.

Floor Type	Thickness	Specification
GLUE DOWN	2.0 mm	48" x 7" - 12 MIL wear layer
SPC	5.0 mm	48" x 7" - 12 MIL wear layer
SPC	8.0 mm	60" x 9" - 20 MIL wear layer

## ALPHA - 626

Alpha commands attention with its bold blend of mid-tone grays and natural woodgrain flow. With a modern-meets-rustic edge, this plank works well in commercial spaces, contemporary homes, or anywhere that calls for durable style with a strong foundation.

Floor Type	Thickness	Specification
SPC	6.5 mm	48" x 7" - 20 MIL wear layer

Matching Accessories Available

## QUEEN MARY - 627

Warm, rich, and full of natural character - Queen Mary delivers deep brown tones with smooth woodgrain flow and subtle knot accents. Its classic hardwood look brings inviting warmth to any space, from traditional remodels to modern commercial builds. Designed to elevate interiors without overpowering them, this plank offers a refined finish with the long-lasting performance builders expect.

Floor Type	Thickness	Specification
SPC	5.0 mm	48" x 7" - 12 MIL wear layer
SPC	8.0 mm	60" x 9" - 20 MIL wear layer
WPC	8.0 mm	61" x 9" - 20 MIL wear layer

## BARN BARREL - 628

Bold, rustic, and full of depth - Barn Barrel brings rich chocolate-brown tones with dramatic woodgrain movement and natural variation. Its darker, vintage-inspired finish adds warmth and character to any interior, making it a standout option for farmhouse builds, cozy remodels, or commercial spaces looking for a grounded, dimensional look.

Floor Type	Thickness	Specification
SPC	5.0 mm	48" x 7" - 12 MIL wear layer
SPC	6.5 mm	48" x 7" - 20 MIL wear layer

Matching Accessories Available

## COTTAGE - 632

Warm, airy, and naturally inviting - Cottage blends soft beige tones with gentle gray washes for a relaxed, lived-in finish. Its subtle knots and lightly weathered grain give it a cozy character that brightens interiors without overwhelming them. Perfect for modern farmhouse designs, open-concept layouts, or commercial spaces that call for a clean, welcoming aesthetic.

Floor Type	Thickness	Specification
SPC	5.0 mm	48" x 7" - 12 MIL wear layer

## ASH BLOND - 633

Bright, modern, and full of natural character — Ash Blond combines pale blonde tones with soft gray accents for a clean, contemporary finish. Its striking grain movement and subtle knot details create a high-end look that instantly elevates any space. Ideal for open layouts, coastal-inspired designs, or commercial interiors that need a stylish yet versatile foundation.

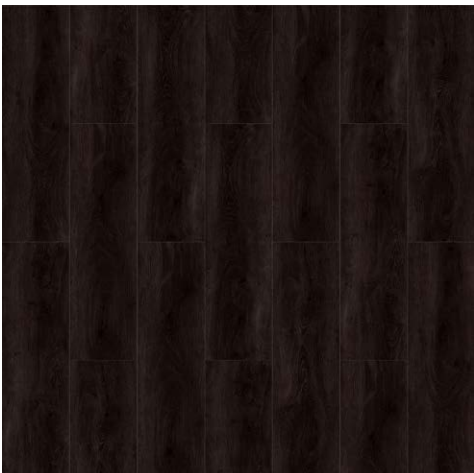

Floor Type	Thickness	Specification
SPC	5.0 mm	48" x 7" - 12 MIL wear layer

## MOCHA - 634

Warm, expressive, and full of natural depth — Mocha brings rich brown tones with bold grain variation and dramatic movement. Its blend of swirling patterns and subtle knots creates a striking, handcrafted look that adds character to any interior. Ideal for statement floors in residential remodels, rustic-inspired builds, or commercial spaces that need warmth with visual impact.

Floor Type	Thickness	Specification
SPC	5.0 mm	48" x 7" - 12 MIL wear layer

## STALLION - 635

Bold, dramatic, and unmistakably modern — Stallion delivers deep charcoal-brown tones with rich grain movement for a sleek yet natural finish. Its dark, moody profile adds instant sophistication to any space, making it a top choice for luxury homes, contemporary renovations, or commercial interiors that need strong visual impact.

Floor Type	Thickness	Specification
SPC	5.0 mm	48" x 7" - 12 MIL wear layer
